ABOUT THIS COURSE

Having a positive workplace culture is crucial to attracting and retaining respectful, hardworking and skilled employees.

And this starts with YOU – the leaders and management. There is no room for **Bullying & Harassment** in the workplace, it shouldn't happen **under any circumstances**.

This Bullying and Harassment Training Course has been designed for you to learn how to best manage your team. We take you through it all – **identifying**, **preventing**, **handling** and **combating** negative behaviour in the workplace. This course covers informal approaches, formal policies and procedures, legal considerations, and the harmful effect that bullying and harassment can have on your business.

It also looks at the **fine line** between bullying and strong management, and how management can avoid crossing that line.

This course works in conjunction with our "[Bullying and Harassment in the Workplace - Employees](#)" course.
