

An incentive to get your staff completing their eLearning courses

So how can staff get involved?

Our eLearning Competition!

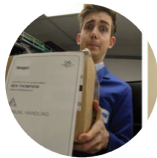

Every month, we run the iHASCO eLearning Competition which gives your staff a fantastic opportunity to win some great prizes.

How can they enter?

All they have to do is complete one of our many eLearning courses and their name gets automatically entered into our prize draw!

They can also double their chances of winning by uploading their certificate to social media; the more interesting and attention grabbing the better!

Make sure staff tag us with **@ihasco** and use the **#iHASCOCOMPETITION** hashtag.
