ABOUT THIS COURSE

Safeguarding children means protecting them from abuse and keeping them safe from harm. It means promoting their health and welfare, helping them to grow up in a safe and supportive environment. This course covers both level 1 and level 2.

As many as 1 in 3 children sexually abused by an adult never tells anyone, so it's absolutely crucial that, if you even occasionally work with children, you're aware of the 4 R's of child protection – Recognise, Respond, Report, and Record. This Safeguarding Children course will help you identify and appropriately respond to the warning signs of child abuse, teaching you the importance of speaking up and acting quickly.

This course is particularly suited to those who work in the **Education** (See our [safer recruitment in education training](#)), **Care**, and **Leisure** sectors.

This Safeguarding Children Training covers both levels 1 & 2.

You can [access our free worksheet](#) that has been designed to accompany our online Safeguarding Children Training course. In each section, there is a box for you to tick when you have watched the relevant slide in our course. You can also take notes that will help you during your practical assessment at work.
